We welcome and encourage players who are mindful of golf etiquette and pace-of-play and all players are expected to know and follow the USGA Rules of Golf. Members must play 18 holes during league (9-hole rounds are not allowed) and must be committed to improve. Please note, applicants without a Handicap Index* or an Index over 50 may be asked to play with a board member to assess knowledge of golf and ability of the applicant to play within the league. New members are accepted at any time during the year.

*If you don't have a United States Golf Association (USGA) issued Golf Handicap and Information Network (GHIN) number, one will be assigned after submission membership application and check. After you receive your GHIN number, you will then be required to post the equivalent of 54 holes (any combination of 9-holes) of golf scores in order to establish a USGA Handicap Index. Players must establish a handicap index by June and to be eligible to compete in AWGC Tournaments and "Plays-of-the-Day".

A Handicap Only (GHIN) Membership is available for \$75. Players are not eligible to participate in AWGC weekly play, prizes or tournaments. Complete the form above and mail with your check payable to AWGC to the address above.
